

rtc_check_bcd

```
graph LR; A[rtc_check_bcd] --> B[rtc_check_BIN]; B --> C[read_output_rtc]; C --> D[util_sys_inb];
```

A flowchart with four rectangular boxes arranged horizontally. The first box, labeled 'rtc_check_bcd', is shaded gray. It is connected by a blue arrow to the second box, labeled 'rtc_check_BIN', which is white. The second box is connected by a blue arrow to the third box, labeled 'read_output_rtc', which is white. The third box is connected by a blue arrow to the fourth box, labeled 'util_sys_inb', which is white. All boxes have a thin black border.
